

# In Places On The Run

The Dream Academy

All alone in bridge of silence  
I suppose you shouldn't stay  
All alone in dream's asylum  
Don't you know we've come a long way

I suppose we were  
Somewhere in the sun  
We walked in colored fields  
In places on the run

What a dream I had  
Dressed in colored shawls  
Though the night was so warm  
And a nightingale  
Sat on a castle wall  
While the river ran on

Calling, hearing you call  
The river ran on  
Running  
The river ran on

It felt as if we were  
In places yet unknown  
We walked through the bazaars  
In places on the run

What a dream I had  
Walking by the wall  
Oh, the raiment and all  
The stars flickered by  
Soon to be replaced  
If I asked them they'd fall

Calling, hearing you call  
The river ran on  
Running  
The river ran on

What a dream I had  
Dressed in colored shawls  
Though the night was so warm  
And in the darkness I  
Tried to take your hand  
But it was nothing at all

Nothing at all  
The river ran on  
Nothing at all  
The river ran on

The river ran on  
The river ran on
