

Fast Car

The-Dream

Baby, you just a little sweet for me
Aw, baby, I don't know if you got what I need

And I wanna love ya, baby
I wanna show ya there's nobody like me
And I trust ya, baby
I need a bad girl, you just too good for me

I need a fast car (fast car)
Candy coated red
Drive me all night and park it in my bed
I need a fast car (fast car)
I wanna see it zoom
Racetrack waiting in my bedroom

Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)

Baby, I hope you save a little piece for me
(Girl, I wanna get to know ya
I've got so much I could show ya)
And girl, call me when ya want me to pull you up to speed
(Girl, I really want to be your baby)

And I wanna love ya, sweet thing
I wanna show ya there's nobody like me
And I trust ya, lady
I need a bad girl and you're just too good for me, baby

I need a fast car (fast car)
Candy coated red
Drive me all night and park it in my bed
I need a fast car (fast car)
I wanna see it zoom
Racetrack waiting in my bedroom

Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)
Show me the green light
(Oooh, oooh, oooh)

She's a pretty car, nice seats, cooler than my AC
Chrome wheels, perfect dash, racin' brakes, good on gas
She looks good when she's out on the road
But, I'm livin fast and I'm trying to lose control

Is it with you, is it with you, is it with you, or someone else

Is it with you, is it with you, is it with you, or someone else
Is it with you, is it with you, is it with you, or someone else (Ooh, ooh, o
oh)
Is it with you, is it with you, is it with you, or someone else (Ooh, ooh, o
oh)

I need a fast car (fast car)
Candy coated red
Drive me all night and park it in my bed
I need a fast car (fast car)
I wanna see it zoom
Racetrack waiting in my bedroom

Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)

If you're sittin' on them 24's,
I wanna see you make it go
Round and round and up and down

I said, if you're sittin' on them 24's,
I wanna see you drop it low
Round and round and up and down

Fast car
I need fast car
I need fast car
I need fast car

I need a fast car (fast car)
Candy coated red
Drive me all night and park it in my bed
I need a fast car (fast car)
I wanna see it zoom
Racetrack waiting in my bedroom

Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)
Show me the green light
(Ooh, ooh, ooh)
