

## Panties to the Side

The-Dream

Let me fuck you babe  
Baby  
Fuck you baby  
Baby  
Yep fuck you baby  
Baby  
What baby we all grown ups right  
Baby well  
Let me fuck you baby  
Baby  
Let me fuck you baby

All we need baby is me and you  
Sail off just us too  
It started off with just us flirtin  
I tried to tell you mama  
My mind so dirty  
I can see your fully open  
Once i get your body where i want  
You'll never close em  
So come make love to the  
Romantic and everything you thought  
You knew I'ma vanish
