

# Hypnotized

The Drifters

You've got me hypnotized  
With your heart

And when you rocked  
And rolled with your heart  
You had me hypnotized  
Right from the start

Now when you rock  
When you roll  
You hypnotize me  
Straight from head to toe

Well, when I met you, baby  
My heart said maybe  
Well, you hypnotized me  
Now I know

And when you rocked  
And rolled with your heart  
You had me hypnotized  
Right from the start

Now when you rock  
When you roll  
Well, you hypnotize me  
Straight from head to toe

Well, when I met you, baby  
My heart said maybe  
Well, you hypnotized me  
Now I know

Why don't you realize  
You got me hypnotized  
Hy-hy-hy-hypnotized  
With your love

Well, when I met you, baby  
My heart said maybe  
Well, you hypnotized me  
Now I know

And when you rocked  
And rolled with your heart  
You had me hypnotized  
Right from the start

Now when you rock  
Yeah, when you roll  
Well, you hypnotize me  
Straight from head to toe

Well, when I met you, baby  
My heart said maybe  
Well, you hypnotized me  
Now I know

Oh, yeah, oh, yeah  
You hypnotized me, baby  
Yeah, yeah, woo, ooh
