

Face of God

The Drums

Kiss the hand of Satan when I kiss you
Feel his cold breath on my neck when I'm near you
His eyes on my eyes tonight

I saw the face of god
He showed me how to live
I threw it back at him
I threw it back at him

I saw the face of god
He showed me how to live
I threw it back at him
I threw it back at him

Inside the mountain
You are gentle
You are gentle
His eyes are rowing on me
Always lookin'

I saw the face of god
He showed me how to live
I threw it back at him
I threw it back at him

I saw the face of god
He showed me how to live
I threw it back at him
I threw it back at him...
