

## Forever and Ever Amen

The Drums

We, we are in love  
And we forever  
We not gonna stop  
We'll be forever

And all the stars in the sky  
And all the flowers in the fields  
And all the flower in the earth  
Could never take you from my heart

And it's forever, baby it's forever  
And it's forever, baby it's forever  
And let me run till the end of time  
Until our hearts are aligned into the sky  
Run till the end of time  
Until our hearts are aligned into the sky

We, we are the ones  
When we're together  
We, we are the young  
We live forever

And all the stars in the sky  
And all the flowers in the fields  
And all the flowers in the earth  
Could never take you from my heart

And it's forever, baby it's forever  
And it's forever, baby it's forever  
And let me run till the end of time  
Until our hearts are aligned into the sky  
Run till the end of time  
Until our hearts are aligned into the sky

Forever ... and ever and amen  
Forever ... and ever and amen

And it's forever, baby it's forever  
And it's forever, baby it's forever  
And let anekatips me run till the end of time  
Until our hearts are aligned in the sky  
Run till the end of time  
Until our hearts are aligned in the sky
