

Let's Go Surfing

The Drums

Wake up, it's a beautiful morning
Honey, while the stars are still shining
Wake up, would you like to go with me
Honey, take a run down to the beach

Oh momma, I wanna go surfin'
Oh momma, I don't care about nothing

Wake up, there's a new kid in the town
Honey, he's moving into the big house
Remember when I was so very hopeless
Darling, he's gonna make it all better

Oh momma, I wanna go surfin'
Oh momma, I don't care about nothing

Down down baby down by the rollercoaster
Sweet sweet baby I'll never let you go
Down down baby down by the rollercoaster
Sweet sweet baby I'll never let you go

Down down baby down by the rollercoaster
Sweet sweet baby I'll never let you go
Down down baby down by the rollercoaster
Sweet sweet baby I'll never let you go

Oh momma, I wanna go surfin'
Oh momma, I don't care about nothing
Oh momma, I wanna go surfin'
Oh momma, I don't care about nothing
