

Submarine

The Drums

Put me in the submarine
And push it into the sea
Let it sink down
Down, down
I remember everything
Racing you across the bridge
I was running, I was sweating, I was falling
And then you kissed me, it was crazy
But that was yesterday
That was not today
But that was yesterday
That was not today

I did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had to

And I remember everything
I even loved your family
All I've ever given you was love
And your heart has two sides
And I can't stick around to lie anymore
I'm laughing and I'm crying
I'm laughing and I'm crying and I sink down
Down, Down

I did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had to

And I'll always miss you

And I'll always miss you, oh

I did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had to

And I'll always miss you, oh
