

U.S. National Park

The Drums

Somewhere in the back of my mind
A crave my own demise
When I wake to when I fall asleep
I'm stuck between nothing and nothing

United states national park
Oh don't leave me here alone by the campfire
United states national park
I don't wanna die alone by the campfire

They say life is beautiful
But what does that mean
I don't want to say anything
that might make you believe in nothing

United states national park
Oh don't leave me here alone by the campfire
United states national park
I don't wanna die alone by the campfire

United states national park
Oh don't leave me here alone by the campfire
United states national park
I don't wanna die alone by the campfire
