

# Alone Tonight

The Ducky Boys

And when I call your name you wont be there  
And when I wake in pain you wont be there  
Out on the avenue  
I fell in love with you  
And all I'm falling into now is a bed of nails  
I don't really want to be alone tonight  
I want you by my side  
But I'll be alone tonight  
No matter what I dream it won't keep me san  
No matter what I say it wont make you stay  
I don't really want to be alone tonight  
I want you by my side  
But I'll be alone tonight  
And i'll recount all my mistakes  
And I recount the things I did to turn your heart away  
I don't really want to be alone tonight  
I want you by my side  
But I'll be alone tonight  
I don't really want to be alone tonight  
Do you really want to be alone tonight?
