

## Pass You By

The Ducky Boys

We've all been down Before  
We say we learn from our mistakes  
But I've been down this road  
And I keep coming back again

Heykid  
You're young  
You're tasting freedom  
You're having fun  
You get one life  
One Shot  
One Chance  
You better take what you got

Life can go by quickly  
Just don't let it pass you by
