

To The Pigs

The Duskfall

You think you know the truth, but you're nothing but a pawn.
They tell you what to do, what to be, what to think.
Using your TV and everything that you read, it's time to erase
them parasites.

Erase them parasites.
It's right, erase them parasites.

13 lines of blood are here for the kill, so make them fuckers b
leed.
13 lines of blood are here for the thrill, so feed them fuckers
to the pigs.

They play us like a game, laughing at our pain.
That's why we need to change, need to fight, need to kill.
Stand up like I force and cut the cancer out.
It's time to erase them parasites.

Erase them parasites.

13 lines of blood are here for the kill, so make them fuckers b
leed.
13 lines of blood are here for the thrill, so feed them fuckers
to the pigs.

13 lines of blood are here for the kill, so make them fuckers b
leed.
13 lines of blood are here for the thrill, so feed them fuckers
to the pigs.
