

# Things You Cannot See

The Dykeenies

If its not her its not the same  
she feeds on words i say  
if its one or the other i choose to stay  
its all the same to me

too-ing and fro-ing  
and failing on everything  
falling together  
but failing to realise

ive been here so many times before.....

you cant stop fighting if the fights got you out of control  
why would the world stop spinning  
if you touched on fire then the fight is over you know  
why would the world stop spinning...

he wears his big shoes when he likes to gain  
he feasts on what we fear  
she tells me how shes seen and i do the same  
its for the ones you love

too-ing and fro-ing  
and failing on everything  
falling together  
but failing to realise

ive been here so many times befooorrrreee.....

you cant stop fighting if the fights got you out of control  
why would the world stop spinning  
if you touched on fire then the fight is over you know  
why would the world stop spinning  
and if its too late for this  
i dont feel the same  
you cant hide from the things you cannot see  
its too late for this  
i dont feel the same  
you cant hide from the things you cannot see

you cant stop fighting if the fights got you out of control  
why would the world stop spinning  
if you touched on fire then the fight is over you know  
why would the world stop spinning  
and if its too late for this  
i dont feel the same  
you cant hide from the things you cannot see  
its too late for this  
i dont feel the same  
you cant hide from the things you cannot see
