

# Everything's Too Cold...But You're so Hot

The Early November

Your smile is like the sun to me  
So bright it's weakening  
But so sweet  
But of all that you would like from me  
A smile and be okay  
Sorry, it's taken me everyday  
To accept that I have to say  
Say no

I'll be right here  
Say something's wrong  
To just find fault  
She complains the room's too cold  
But when I learn to make heat,  
It's just to disappoint  
Oh you know I'll forget, so quick

Time, it makes it fine  
That's how we make this life  
Makes it fine  
It's makes it right

Your eyes, they can't see  
What it takes from me  
Or how it hurts  
Or how it holds our hands

I'll be right here  
Say something's wrong  
To just find fault  
She complains the room's too cold  
But when I learn to make heat,  
It's just to disappoint  
Oh you know I'll forget...

So quick

You know I always forget  
You know I always forget  
You know I always forget
