

Everything's Too Cold...But You're so Hot

The Early November

Your smile is like the sun to me
So bright it's weakening
But so sweet
But of all that you would like from me
A smile and be okay
Sorry, it's taken me everyday
To accept that I have to say
Say no

I'll be right here
Say something's wrong
To just find fault
She complains the room's too cold
But when I learn to make heat,
It's just to disappoint
Oh you know I'll forget, so quick

Time, it makes it fine
That's how we make this life
Makes it fine
It's makes it right

Your eyes, they can't see
What it takes from me
Or how it hurts
Or how it holds our hands

I'll be right here
Say something's wrong
To just find fault
She complains the room's too cold
But when I learn to make heat,
It's just to disappoint
Oh you know I'll forget...

So quick

You know I always forget
You know I always forget
You know I always forget
