

## Fluxy

### The Early November

It's not fair  
To find you there  
Waiting on  
I don't care  
I care  
Way too much

Wait and see  
Well, that you are inside of  
The places that you knew you loved  
The only time you'll ever trust  
You are done  
It's all been done

It's not fair  
to find you there  
waiting for me  
I don't care  
'Cause I care way too much

Wait and see  
Well, that you are inside of  
The places that you knew you loved  
The only time you'll ever trust  
You are done  
It's all been done

Wait and see  
Well, that you are inside of  
The places that you knew you loved  
The only time you'll ever trust  
You are done  
It's all been done (6x)
