

## Session 01

### The Early November

Well, so he just left?..

See there comes a point in everyone's life  
Where they just start seeing things differently  
Or you know they're put in a situation where they have to  
I guess it was just his night

If you don't mind, whats his name?

His name is Matt, and I think his fathers name is Matt too, but  
I don't know

Okay, so what happened next, where did he go from there?

Well he stood in his girlfriend's dorm room for a little while  
He couldn't stay there long  
I think her father actually felt bad for him  
So he offered him a job as a file clerk at his law firm  
Nothing special, just sorting papers  
And her dad made him a deal he said, if you take this job seriously  
And if you start going to school and you're serious about my daughter  
I'll help you guys out with an apartment  
So he took it, and maybe Matt really didn't want that  
Maybe he didn't really want to go to school or work at a place like that  
But he also wanted to prove to his father that he was better off without him  
That he wasn't a waste  
And he also knew that making that deal with her dad would make his dad so much more mad  
Because he hated her father  
He always said how lazy he was, and he steals peoples money  
And he doesn't have a real job, and he doesn't know what it feels like to work  
I guess that's the motivation he needed to straighten out his life  
But I don't think they ever talked again anyway  
So I don't think it really mattered
