

## We Write the Wrong

The Early November

I tried but why can't I  
You can't see what I see  
From you it's you

In all my life  
You find the wrong  
But I write it off  
'Cause you write the wrong

Wait and see it all waiting

You can't see,  
You're never gonna see  
When you're not listening  
To your own voice

In all my life  
You find the wrong  
But I write it off  
'Cause you write the wrong

We're turning down

In all my life  
You find the wrong  
But I write it off  
'Cause you write the wrong

You write the wrong
