

# Do You Have A Soul

The Easybeats

With all my friends we hang around  
The back streets here in my own town  
Because I got no money and I look real poor  
It doesn't mean to say that you can close your door

Ay ay ay ay ay ay ay ay ay  
Anybody here please tell me what to do  
Ay ay ay ay ay ay ay ay  
I see the world and my mind don't like the view  
Ooooooooooooooh

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?

Doodododo doodododo doodododo doodododo  
Doodododo doodododo doodododo doodododo

You look real good in your white Rolls Royce  
And you have a million pounds worth of playing toys  
You're usin' all those people like you use the phone  
The figures of your brother like a thing you own

Ay ay ay ay ay ay ay ay ay  
Anybody here please tell me what to do  
Ay ay ay ay ay ay ay ay  
I see the world but my mind don't like the view  
Ooooooooooooooh

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?

Doodododo doodododo doodododo doodododo  
Doodododo doodododo doodododo doodododo

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?

Do you have a heart? Do you have a soul?  
Do you have a love that never grows old?
