

BarbWire

The Ecstasy of Saint Theresa

Barbwire
Very solid very thin
Barbwire
Keeping only ?jack-ons? in
Barbwire
If you swallow keep it straight
Barbwire
Close your eyes and trust your fate

Barbwire
Only roughing on my mind
Barbwire
Can you wait and stay behind
Barbwire
I'm about to do my trick
Barbwire
I'm about to make you sick

Barbwire
Just remember how it stand
Barbwire
I can do it just for fun
Barbwire
I'm about to lose control
Barbwire
Always knew you lead my fault

Just remember how it stand
How it stand
How it stand

Just remember how it stand
How it stand
How it stand
