

## Noises of silence

### The Ecstasy of Saint Theresa

We just hide the world  
Like a shade or an odour  
Like lovers in movie  
Dangerous time  
(Faint?) want me  
Anything to me  
There's too many loves  
And I've heard and I've said

Just watching you  
Just feeling you  
And the stars shine  
Just touching you  
Just smelling you  
And the stars shine
