

Time Is Coming

The Elected

Time is coming
to heal our wounds
time is coming
it's coming soon
so grab your coats
grab your hats
grab my baby
we will never coming back
Time is coming
to heal wounds
Hell come quick
lightning my load to the day
. will you hold me when I cry
will you miss me when I die

God isn't on your side
your not even on His mind
...pass you by
time is coming
to heal
time is coming to get through
I put my . up
I gave my best
I got knocked up and . the rest
time is coming
to heal the wounds
