

# Sleep Alone

The Electric Soft Parade

This is what I say  
When I can't say to you  
This is what I do  
When I can't say to you

Out of time, out of touch  
And on through the dark nights  
We sleep alone  
As if all we know is true

This is what I say  
When I can't say to you  
This is what I do  
When I can't say to you

Out of time, out of touch  
And on through the dark nights  
We sleep alone  
As if all we know is true

What it takes to feel  
To be alone
