

## Since I Was Born

The Elijah

I'm as scared as a child now  
Just leave me on my own

When they're putting their arms around me  
And they're breathing this into me  
My lungs they will never be clean  
I'd never breathe this into you, I'd rather bleed

I try to let it breathe  
So I tear my self apart  
I try to let it breathe  
When my own body, it hates me

How can I grow when I'm already old?

I try to let it breathe  
I tear myself apart  
But everything inside is ruined  
It's dead from the air I need
