

## Echo

## The Emotions

Echo, echo, echo  
Echo, echo, echo  
All I hear is the echo

I call her name (echo)  
And all I hear is the  
(Echo, echo, echo, do do do)  
The echo through my lonely room  
(Lonely room, lonely, lonely room)

I sit and cry (echo)  
And all I hear is the  
(Echo, echo, echo, do do do)  
The echo of her lonely tears  
(Lonely tears, lonely, lonely tears)

I still remember  
That summer night  
We were out driving  
Everything seemed so right

Then I lost control  
The car turned over  
I heard her calling  
Ooh, ooh, I'll never forget

Now I'm alone (echo)  
And all I have is the  
(Echo, echo, echo, do do do)  
The echo of her lonely call  
(Lonely call, lonely, lonely call)

As long as I live (echo)  
I'll never forget her echo  
Echo, echo, echo, echo
