

2 Kids

The Enemy

On the last day of school your best friend told you
We'll have it all, we'll have a ball when we're older
Life is short
Shorter than they say
You can never take
Take our memories away

Two kids in a dirty old flat
She can never look back
Four years and a thousand beers
That we'll never get back
Life is short
Shorter than the say
You can never take
Take our memories away

On your first day of work your best friend told you
We'll have it all, we'll have a ball when we're older
Life is good
Better than they say
They'll never take
Take our memories away

Two kids in a dirty old flat
She can never look back
Four years and a thousand beers
That we'll never get back
Two kids in a dirty old flat
She can never look back
Four years and a thousand beers
That we'll never get back

Life is good
Better than they say
They'll never take
Take our memories away

Two kids in a dirty old flat
She can never look back
Four years and a thousand beers
That we'll never get back
