

## Elephant Song

### The Enemy

Ever feel so small  
Stood in a world that owes you nothing at all  
Concrete up to the sky  
And a million people living a lie  
And a million people living a lie  
Living a lie  
Living a lie  
Living a lie

So sing along  
With the Elephant Song  
So sing along  
With the Elephant Song

Ever feel so small  
Stood in a world that owes you nothing at all  
Concrete up to the sky  
And a million people living a lie  
Ever feel so small  
Stood in a world that owes you nothing at all  
Concrete up to the sky  
And a million people waiting to die  
A million people living a lie  
A million people waiting to die  
A million people living a lie

So sing along  
With the Elephant Song  
So sing along  
With the Elephant Song  
So sing along  
With the Elephant Song
