

## Belrapeire

The Enid

Faces like ashes  
Like leaden loan  
Nightrness of Brandigan  
You've made them moan...

Belrapeire...

Up in the palace  
The princess of light  
That outshined all others  
And silenced the knight

Belrapeire...

Blinded enlightened  
He raises the lance  
Clamides marshal  
He loses his stance

Walls sleets and merlons  
With town-dwellers manned  
With faith and the red knight  
The armies are banned

At the end of the savage  
Commander Clamide  
Shattered he lies  
In the dust of defeat

Belrapeire...

Exhausted the starved  
Regather in daze  
In victories sweetness  
The slain down souls braise  
Belrapeire...
