

Thank you  
For showing me full moon  
Thank you  
For the signs in the snow  
Thank you  
For saving the world with me  
Thank you  
For lending a hand

Thank you  
For the words  
I've been rhyming all the time  
Thank you  
For the inspiration  
Thank you  
For the lime on your skin  
For the lime on your hair  
For your songs and your prayers

Thank you  
For the tears  
You've been crying all alone  
Thank you  
For all the waiting  
Thank you  
For the sound of your voice  
You've been there in those nights  
When I needed assurance
