

I remember times when we were young
So unsophisticated
Seems like nothing could go wrong
And all the nights were long and lovely

But now the times have changed
And everything's so complicated
Everything feels wrong
And I don't know what separated us

You think boys and girls are just toys
Made for one another
But I've got news for you
Even toys can hurt each other

But now the times have changed
And everything's so complicated
I don't know what went wrong
And all the nights are long and lonely

Once upon a time we had it made
But it just slipped away from us
It's too bad that things like that could get the best of us

You think boys and girls are just toys
Made for one another
But I've got news for you
Even toys can hurt each other

You think boys and girls are just toys
Made for one another
But I've got news for you
Even toys can hurt each other

You think boys and girls are just toys
Made for one another
But I've got news for you
Even toys can hurt each other
