

A Million Perfect Days

The Ergs!

Wrote you a song today
Well, it's not that much I just kinda wanted to say
Thanks for picking up the pieces
Yeah, you know you made these lies more plausible
Dropped you a line today
Well, its not that much I just kinda wanted to say
Hope everything's going alright
and I hope you're as happy as you'd like to be
And I'll do
My Part to rid you of this
Broken Heart
And I'm here to say
Heres to you and
A Million Perfect Days...
