

Aja

The Ergs!

Met a girl named Aja
She said her dad loved Steely Dan
I laughed and asked her if her sister's name was Katy

Her smile spoke in volumes
Her eyes were like the sky
I said props to him cause that's the coolest name I've ever heard
I kinda dig these Midwest summers
Lets go hang out at "the pub"
A couple of beers from now she'll disappear

Aja you're the only one I dream about these days
Lets go drink some more and listen to "The Royal Scam"
