

## Aja

## The Ergs!

Met a girl named Aja  
She said her dad loved Steely Dan  
I laughed and asked her if her sister's name was Katy

Her smile spoke in volumes  
Her eyes were like the sky  
I said props to him cause that's the coolest name I've ever heard  
I kinda dig these Midwest summers  
Lets go hang out at "the pub"  
A couple of beers from now she'll disappear

Aja you're the only one I dream about these days  
Lets go drink some more and listen to "The Royal Scam"
