

## I'll Call You When You Think Of Me

The Ergs!

I take things to mean the opposite  
Of what they should truly mean  
A pleasant coincidence becomes  
Us being like true soul mates

But were not that at all  
We're just friends  
Or when we drive through the snow  
Were Just Friends  
Or undressing in my head Were just friends

And that's alright by me...
