

Running Jumping Standing Still

The Ergs!

It's been some time and I don't know
What to do with myself these days
'cause you're out there and I'm lonely
and I swear that I need you here and

I still dream of you at night
And wake up to your goodbye
And I still wanna find a way
To get you here to stay and I

I don't wanna be here without you
I don't wanna be alone tonight

It's been some time and I don't know
What to do with this stupid life
Cause you're somewhere and I'm nowhere
And I swear that I need you here and I
I still dream of you at night
And wake up to your goodbye
And I still dial your number in my head
But you won't pick up the phone

Morning comes and it's a different girl but the same old story
You're the one
And I'm the zero...
