

# Who Do You Love

The Escape Club

Got the whole of the world  
In your fingers  
Got the whole of the world  
In your hands  
In your hands  
Got the whole of the world  
In your hands

It's the same as they played  
In the movies  
It's the same as you hide  
Underground  
If you could be there  
You'd like to be there now  
Now now now

Tell me  
Who do you love  
Do you  
Who do, do you love

Got the whole of the world  
In your fingers  
Got the whole of the world  
On the run  
See the world  
Through the sights  
Of a gun  
Now now now

Tell me  
Who do you love  
Do you  
Who do, do you love

Where are the good guys  
Where are they  
Now now now  
Where are the good guys  
Waiting till the sun  
Comes down  
Where are the good guys  
Where are they  
Now now now  
Now now now

Tell me  
Who do you love  
Do you  
Who do, do you love
