

Everything

The Essence

Faith
I want to hold on
Tears
I cry over you somehow
Love
Hand in hand in the park
Hate
Oh, I wish I could sleep for once
Before the night comes

Do you want to let go?
Do you want it to end?
Everything you once said
I just know you will stay
Again with me tonight

Faith
I want to hold on
Tears
I cry over you somehow
Love
Just everything you once said
Hate
Oh, I wish I could breathe for once
I want you tonight and

Do you want to let go?
Do you want it to end?
Everything you once said
I just know you will stay
Again with me tonight
Tonight
