

The Big Green Tree

The Essex Green

I just wanna remain an anonymity
I don't want anyone to know my face
I just wanna be another one of those jokers
Writing songs underneath the big green
Tree

(The big green tree)
Is all I need
(The big green tree)
Is home to me

You know that I'll be leaving this town tomorrow
No one seems to understand what I'm
Saying
I'm leaving behind all that I believed in
I'll say goodbye to the big green...

Bum... bada dum bum...

(The big green tree)
Is all I need
(The big green tree)
Is home to me
