## Not Me

## The Ethiopians

Not me, no, not me Not me, no, not me

You can't have me Because you don't please me The way you act, child Could out-run any man wild

Not me, no, not me at all Not me, no, not me

You got to get down, down, down Down on your knees and pray You got to get down, down, down Down on your knees and change

Not me, no, not me at all Not me, no, not me

You can't have me Because you don't please me The way you act, child Could out-run any man wild

Not me, no, not me at all No, not me

You got to get down, down, down We got to get Down, down down Down, down down Down, down down
