Not Me

The Ethiopians

Not me, no, not me Not me, no, not me

You can't have me
Because you don't please me
The way you act, child
Could out-run any man wild

Not me, no, not me at all Not me, no, not me

You got to get down, down, down Down on your knees and pray You got to get down, down, down Down on your knees and change

Not me, no, not me at all Not me, no, not me

You can't have me
Because you don't please me
The way you act, child
Could out-run any man wild

Not me, no, not me at all No, not me

You got to get down, down, down We got to get
Down, down down
Down, down down
Down, down down
