

Don't Call Me, I'll Call You

The Everly Brothers

Here you come you're gonna try to get me back again
Since your new love he just put you down
You remember how I hung around
Did you think I'd bow my head
Forget the words I used to dread
Don't call me, I'll call you
I don't want nobody like you
Oh you're the kind that looks for ways
To make me blue
Did you really think I wouldn't have the nerve to change
That you'd only have call my name
And I'd come running back again
Did you think I'd bow my head
Forget the words I used to dread
Don't call me, I'll call you
Don't call me, I'll call you
Don't call me, I'll call you
