

Glitter and Gold

The Everly Brothers

Girl, I know what he can give you
Every single day you live you will be
Wearing Paris gowns and diamond rings
There is nothing he can't buy you
And I can not tell a lie
You know with me you'll never have those things

But glitter and gold (Glitter and gold)
Never can keep you warm at night
Glitter and gold (Glitter and gold)
Never can make the wrong love right

Girl, you're gonna find
You'll have my sweet sweet lovin' on your mind
You'll be eatin' caviar
And riding in a chauffeured car
And all your friends will say,
