Glitter and Gold

The Everly Brothers

Girl, I know what he can give you Every single day you live you will be Wearing Paris gowns and diamond rings There is nothing he can't buy you And I can not tell a lie You know with me you'll never have those things

But glitter and gold (Glitter and gold) Never can keep you warm at night Glitter and gold (Glitter and gold) Never can make the wrong love right

Girl, you're gonna find You'll have my sweet sweet lovin' on your mind You'll be eatin' caviar And riding in a chauffeured car And all your friends will say,
