

## I Didn't Mean To Go This Far

The Everly Brothers

I took the chance with you  
And made you what you are  
Now I wish that I could turn back  
I didn't mean to go this far  
Be it right or wrong I must confess  
I can find no happiness  
But I didn't mean, to lead you on  
Just because I wore a lover's mask  
My mistakes lost in the past  
And you're counting on the heart you'll never own  
I took the chance with you  
And made you what you are  
Now I wish that I could turn back  
I didn't mean to go this far  
No, no, no
