

June is as Cold as December

The Everly Brothers

June is as cold as December
June is as cold as December
Here comes June
A vision of loveliness
When she smiles
It's like a sweet caress
Every boy she meets
She sets his heart aglow
They think she's the answer to their dreams
But they don't know

June is as cold as December
June has a heartache she remembers
The pain of one untrue love
Left her afraid of new love

June is as cold as December
Here comes June
The prettiest girl in town
When she's near
The boys all gather
