

Kiss Your Man Goodbye

The Everly Brothers

You've had your way far too long girl
And your kiss grows bitter sweet
So you had better change your way girl
Or I'll move on down the street
Oh girl, you'd better try to please or
You can kiss your man goodbye,
Goodbye

You can hang on to me girl
If you cling with all your might
And when you whisper to me love
It had better sound just right
Oh girl, you'd better try to please or
You can kiss your man goodbye,
Goodbye

Every time I see you smile love
It had better be at me
And don't let me see you cry girl
That's the way it's gotta be
Oh girl you'd better try to please or
You can kiss your man goodbye,
Goodbye
