

## Kiss Your Man Goodbye

The Everly Brothers

You've had your way far too long girl  
And your kiss grows bitter sweet  
So you had better change your way girl  
Or I'll move on down the street  
Oh girl, you'd better try to please or  
You can kiss your man goodbye,  
Goodbye

You can hang on to me girl  
If you cling with all your might  
And when you whisper to me love  
It had better sound just right  
Oh girl, you'd better try to please or  
You can kiss your man goodbye,  
Goodbye

Every time I see you smile love  
It had better be at me  
And don't let me see you cry girl  
That's the way it's gotta be  
Oh girl you'd better try to please or  
You can kiss your man goodbye,  
Goodbye
