## **Kiss Your Man Goodbye**

## **The Everly Brothers**

You've had your way far too long girl And your kiss grows bitter sweet
So you had better change your way girl Or I'll move on down the street
Oh girl, you'd better try to please or You can kiss your man goodbye,
Goodbye

You can hang on to me girl

If you cling with all your might

And when you whisper to me love

It had better sound just right

Oh girl, you'd better try to please or

You can kiss your man goodbye,

Goodbye

Every time I see you smile love
It had better be at me
And don't let me see you cry girl
That's the way it's gotta be
Oh girl you'd better try to please or
You can kiss your man goodbye,
Goodbye
