

Leave My Girl Alone

The Everly Brothers

I don't even wanna know your name fella
I don't even wanna know your game fella
All I wanna know, is when're you gonna leave my girl alone
All I wanna know, is when're you gonna leave my girl alone

I'm not trying to prove I can be tough fella
But I think I've had about enough fella
All I wanna know, is when're you gonna leave my girl alone
All I wanna know, is when're you gonna leave my girl alone

I got trouble enough without having you to fight
And you'd better get it straight
I'm gonna keep my girl whether you think it's wrong right

I don't even wanna know your name fella
I just want my life to stay the same fella
All I wanna know, is when're you gonna leave my girl alone
All I wanna know, is when're you gonna leave my girl alone
