

## Like Everytime Before

The Everly Brothers

If you would only look into my eyes  
Then you would see the truth within them lies  
That I am trying hard to bring us back together  
You try so hard to complicate our love  
But underneath it all it's pride my love  
That's hurting us and keeping us apart  
If you'd only realise

I've been happy with you once before  
Can't you let it be the same and more  
Without you fighting me fighting me  
I start to wonder if it's worth it all  
But then I look at you and start to fall  
In love again like every time before  
If you'd only realise

I've been happy with you once before  
Can't you let it be the same and more  
Without you fighting me fighting me  
I start to wonder if it's worth it all  
But then I look at you and start to fall  
In love again like every time before  
In love again like every time before  
In love again like every time before
